

Online Safety Information Session for Parents

St James Primary School at 7pm on 26th February 2019

The session, which is free to attend and will be hosted by **Parentzone**, will ensure you have the latest information in a constantly evolving picture. It will cover three main areas:

- **Online risk:** the risks to children online and why some online spaces are riskier than others.
- **Tools and controls:** an overview of what's available for parents and the advantages and drawbacks.
- **Confident digital parenting:** encouraging parents to take their offline parenting into the online world.

The session, which is appropriate for anybody who has a child at primary school, lasts for an hour and is interactive, allowing time for questions at the end.

This evening event is open to schools in the local area, so places are limited! **If you would like to join the session, please contact Manby Lodge school office by Monday 11th February to reserve your place.**
