

Our focus this week:- We will be walking around the school grounds looking at our environment - the trees, plants and changes in season. We will be making observational drawings of our surroundings and discussing how we care for the environment.

Maths:- We will be comparing the length of different objects, using the language of long, longer, longest, short, shorter, shortest.

Literacy:- We will be sharing different texts including stories and non-fiction texts. Using our segmenting skills, we will be making labels and signs for our indoor and outdoor learning environments.

Phonics:- In phonics this week we are continuing to revise phase 3, revising the digraphs sh, th, ng, ai, ee.

At home you could:- Look at your environment, at home, at the park, on your journey to school, and take time to consider and discuss the changes you see because spring time is approaching.

Shared Learning: - You are welcome to join us on Tuesday, 12th March at 9:10am in the classroom for a shared learning session. The theme is online safety and we will be sharing a story and an activity based on Smarty, our school mascot.

Bedtime stories: - Your child is welcome to join their class teacher in the classroom on Thursday 14th March from 5:15 - 5:45pm for a bedtime story session to celebrate sharing stories.

Mother's Day: - Mums, Aunties or Grandmas are invited to join us for a Mothers Day Cream Tea on Tuesday 26th March from 2:15pm. The children will be preparing scones to share with you during the afternoon.

Thank you
The Reception Team
