HEADTEACHER: MISS M. MORRIS

6 June 2019

Dear Parents and Carers

I am writing to ask you to be mindful of others when using the Cricket Ground car park for drop off and pick up.

In the last two weeks at school we have been approached three times by parents and also members of the public who have asked that I write to you about this issue. I understand that parking at this school, like many schools, is not easy and that it must be frustrating not being able to find a place, or ending up running late for work, appointments etc.

As many of you will be aware, as a school, we have no jurisdiction over how people use the car park.

However, since we do our best to teach our children to be thoughtful and respectful through our key values, I ask you to take the same approach with parking.

Thank you for your support and cooperation.

Yours Faithfully

Miriam Morris
