

Addendum - Covid-19 Home Test Kits
September 2020

All schools have been provided with Covid-19 Home Test Kits. DfE guidance states that:

“Home test kits should only be offered to individuals in the exceptional circumstance where it is believed an individual may have barriers to accessing testing elsewhere. The best and fastest way for students or staff to access a test is to visit a testing site.”

Schools are advised to draw up a definition of who we may be able to provide a test to. See below for our definition:

- The family or individual may not have access to a car to get to a testing centre.
- The family or individual may not have access to the internet to book a test.
- Communication in English may be a barrier to the family or individual being able to book a test.

A family or individual may meet one of these criteria to be given a test.

At Manby Lodge Infant School we reserve the right to make a final decision whether or not we give out a test.
