you know you get that feeling when something isn't right... crash, bang thump I had finally stopped spinning!

I was a starfish miles from home, pulled in by the tide and I did not know where to go. It was scorching hot and I was scared without mum and dad, but I knew I had to get back to the sea.

I sat up, used all my mite and jumped into the first rock pool. There I met crusty the crab.

He was shiny, had gold teeth and smelt like he had not showered for a month! "Have you seen my mum and dad?" I asked. Yes to rock pools ahead, he

granted. So I sat up used all my strength and leapt into the second rock pool. There I met mister jollyish he was wearing funky glasses, a top hat and was holding a microphone in one of his hands. He was singing a song from trolls, but excuse me have you seen my mum and dad? yes there are in the rock pool up ahead. So I sat up used all my energy and catapulted into the last rock pool. There they were with my brother and sister by their side. With tears in my eyes

I realised that family is the
only thing that ^{matters} in life.
