Areas of Strength:

PSHE Development

Impact:

- Training for staff, to include values, active learning, ground rules, question walls.
- Infant focussed needs.

Collaborative working with Staff

Impact:

- Working alongside PE lead.
- Development of active learning and physical activity.

Development of Lunchtime supportive approaches

Impact:

- Lunchtime activity stations.
- Wellbeing work with lunchtime staff.
- Improved lunchtime behaviour.
- Play trained lunchtime supervisors.
- Quiet room at breaktime for SEN pupils who find the playground overwhelming.
- Mindfulness on return from breaks to bridge the active body to calmer learning ensuring calmer starts to work.

Wellbeing

Impact:

- Surveys ensure work time is smarter and staff meetings focus on needs and give staff more time for other work opportunities.
- Well Being Lead Teacher regularly with Head Teacher to ensure feedback is up to date and situations discussed are current and appropriate.
- Establishment of a well being working party made up of staff across a wide section of the school, Support staff, teaching staff, admin staff and catering staff.

Areas the school has identified as developments:

Additional support for staff development.

Restorative practices.

Staff/Pupil/Parent Quotes:

"I've worked closely with other staff. We highlighted new initiatives and identified the orange areas of the Self evaluation tool, to work out what we needed to do to make those areas green."

Additional Comments:

The Surrey Healthy Schools Team would like to thank you for your time and insight as this virtual meeting was both a moderation meeting and opportunity for us to hear about how the whole system approach we are developing across Surrey County Council and its partners is assisting your approach to wellbeing, health and achievement .

Many thanks for your kind offer of help with a video case study.
